

**North River School District #200**

**Board Policy**

**No 7424**

**Monthly Board Reports**

The Superintendent shall prepare and provide each member of the Board at the Board's regular meeting with a monthly budget status report for the general fund. The report should contain the most current approved budget amounts by summary level accounts and the cash and investment balances at the beginning and end of the period being analyzed. A written explanation must be provided if there are any significant deviations in revenue and expenditure projections that may affect the financial status of the District.

The report shall be made available to any citizen or organization upon request.

Adopted: January, 1992
